RECOVERY / 12 STEP GROUPS RENTAL FEES
MARCH 2020

Under our current rental agreement, at a discounted rate of 50% of the set fees, the group would be paying $100 per month for a small classroom or the library, which would be unrealistic for a small 12 step meeting as a start-up. If you have never been to a 12 step meeting, the way it works is that a basket is passed around at every meeting (Seventh Tradition), and people generally give $1 each meeting. So, doing the math, if the group has ten regular participants, and each one gives $1 (and there are four meetings that month), then the group would bring in $40.

RENTAL RATES FOR 12 STEP GROUPS

- The expectation is that the group will give the church a minimum of 50% of the Seventh Tradition (“each group should be fully self supporting declining outside contributions.”)
- Also, the amount given to the church for rent shall be a minimum of $25 and a maximum of $100 per month.
- Honor system - no one from the church will be taking attendance at the meetings.
