Some items have a “Buy Now” feature. If a singular item is purchased by someone using the “Buy Now” feature, all bidding ceases on that item.

To bid on an item, simply fill in an amount and click on the “Place My Bid” button.

An **exact bid** is the amount you want the item's current selling price to immediately jump to. Your bid amount will not change as additional bids are entered on the item.

A **proxy bid** allows you to enter the maximum amount you're willing to spend with the goal of winning the item at the lowest possible price. The system will bid for you, up to your maximum proxy bid amount, as additional bids are entered on the item.
